

Hello, my name is Coupon Sherpa.
Today I am going to climb Mt. Everest in the hunt for
coupons. Will you come with me?

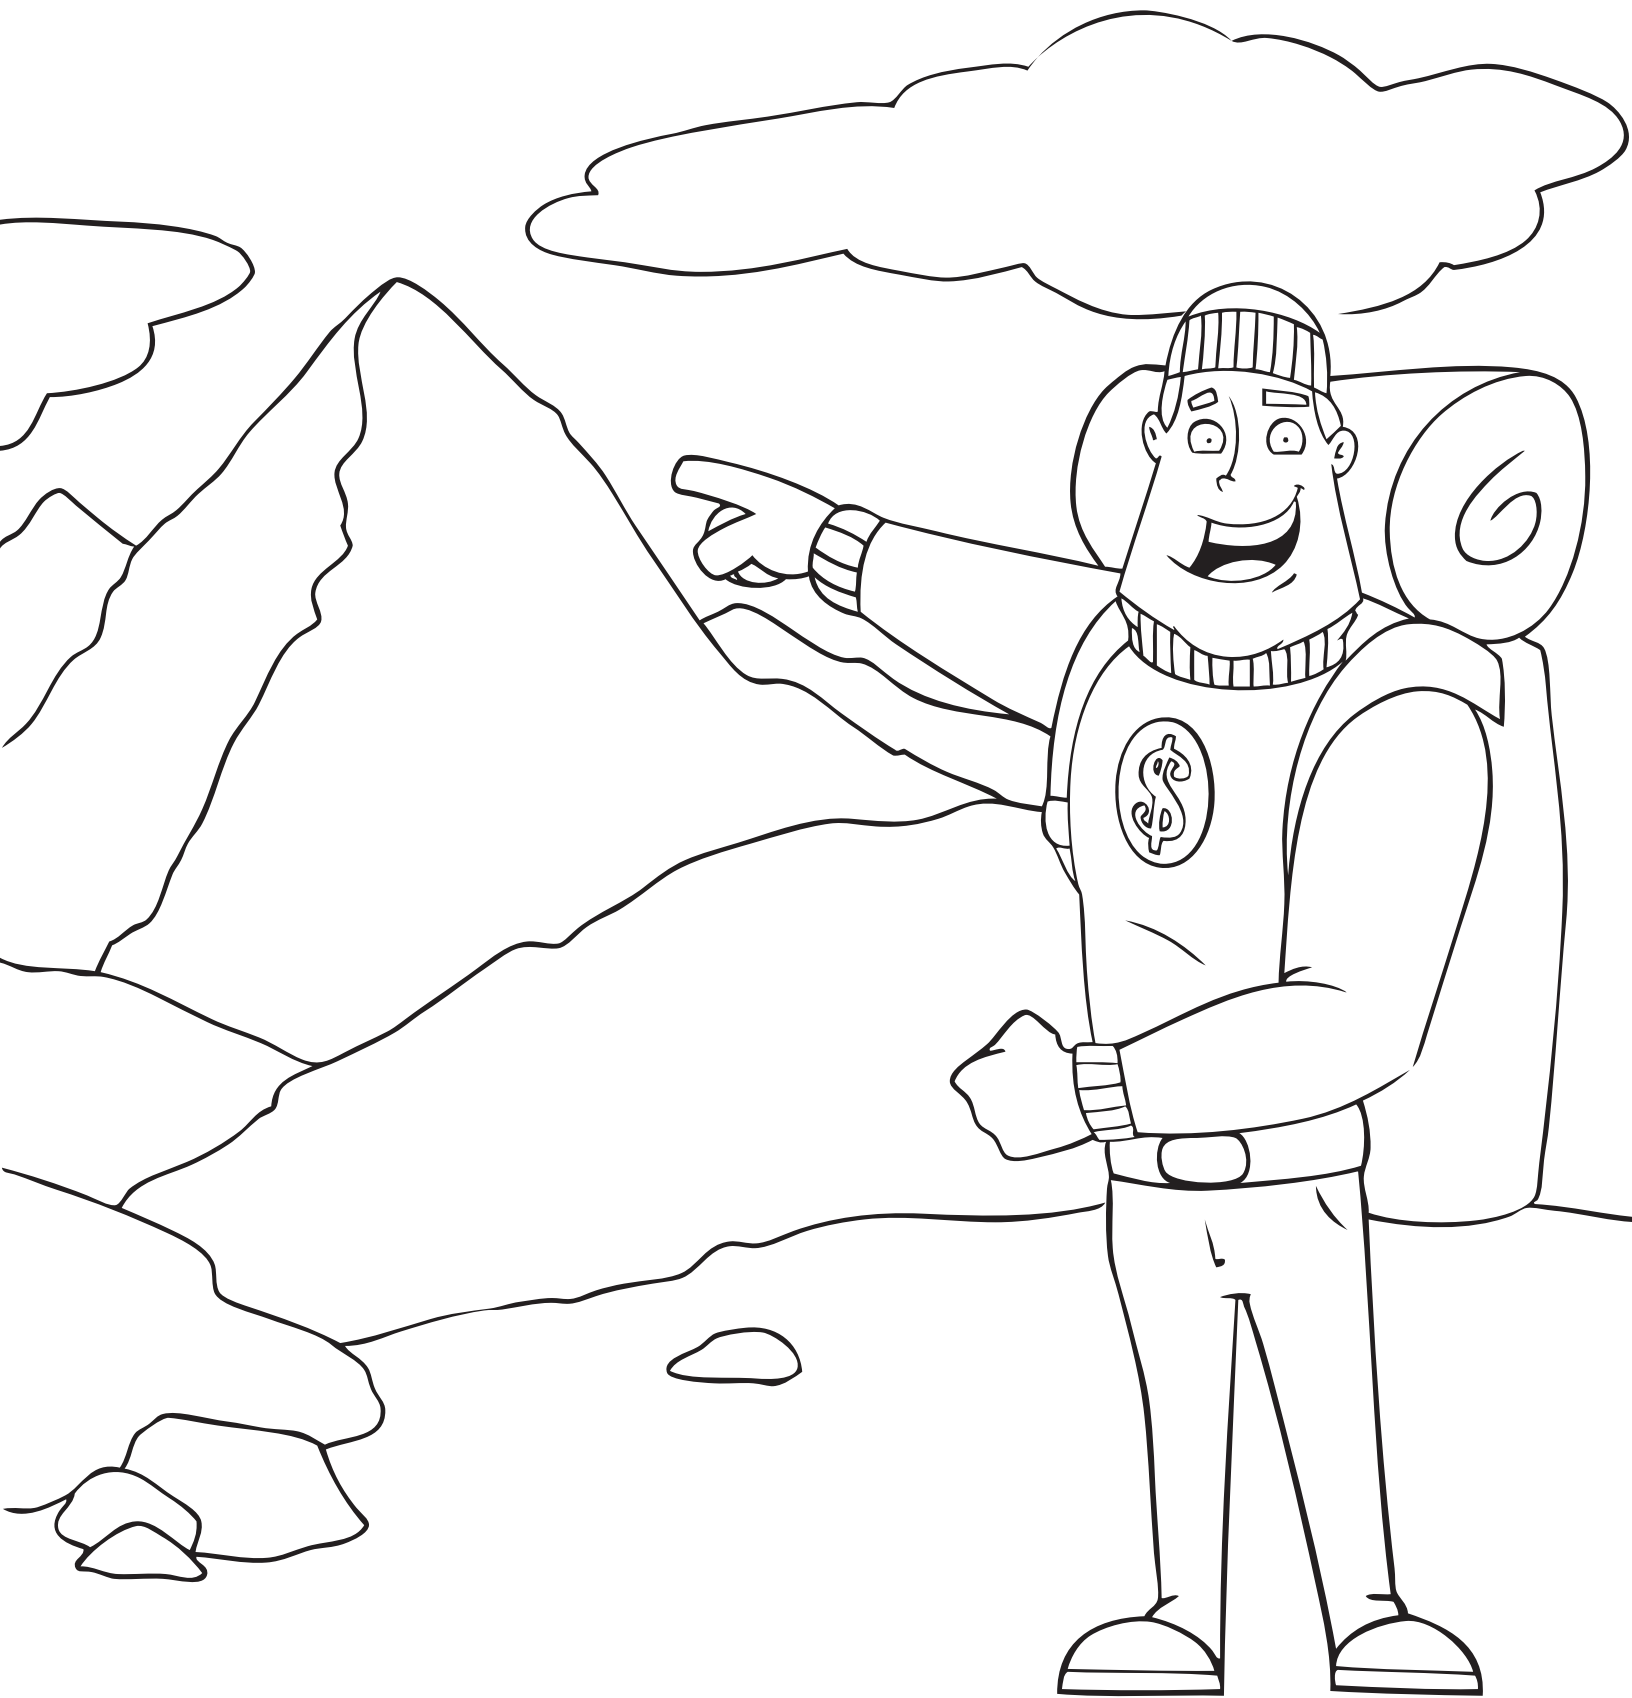

Climbing a mountain is hard work!
There are a lot of glaciers and cliffs on Mt. Everest.
We have to watch our step.

Look! There is a yak. A yak is like a big, hairy cow who lives in the mountains. Maybe he can help me carry some of my gear.

Yak says: "This is heavy! I don't think I can climb a mountain with all this stuff!"

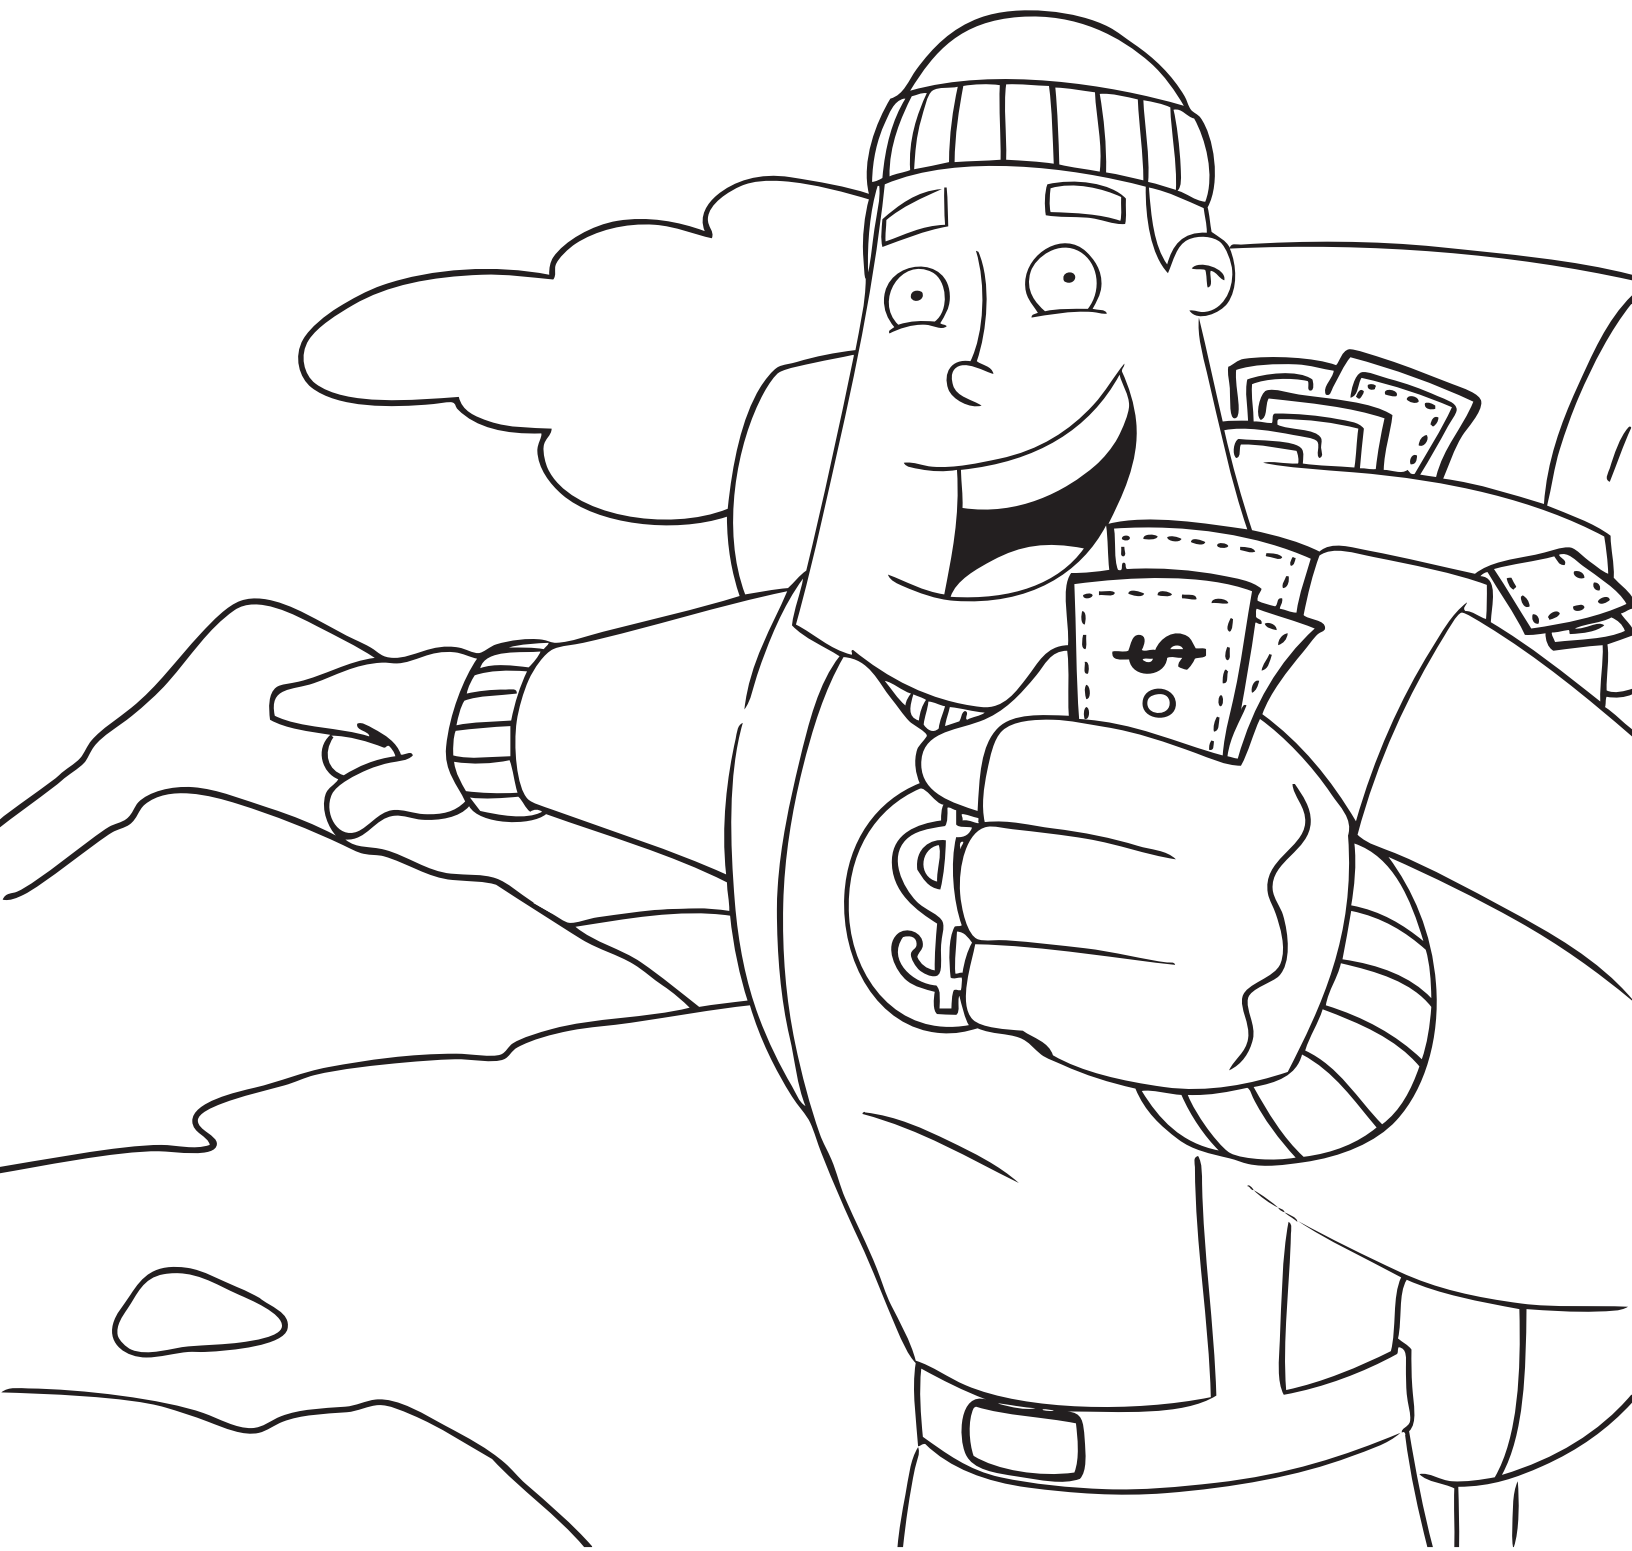

We are almost at the top of Mt. Everest.
Can you see the top of the mountain there?

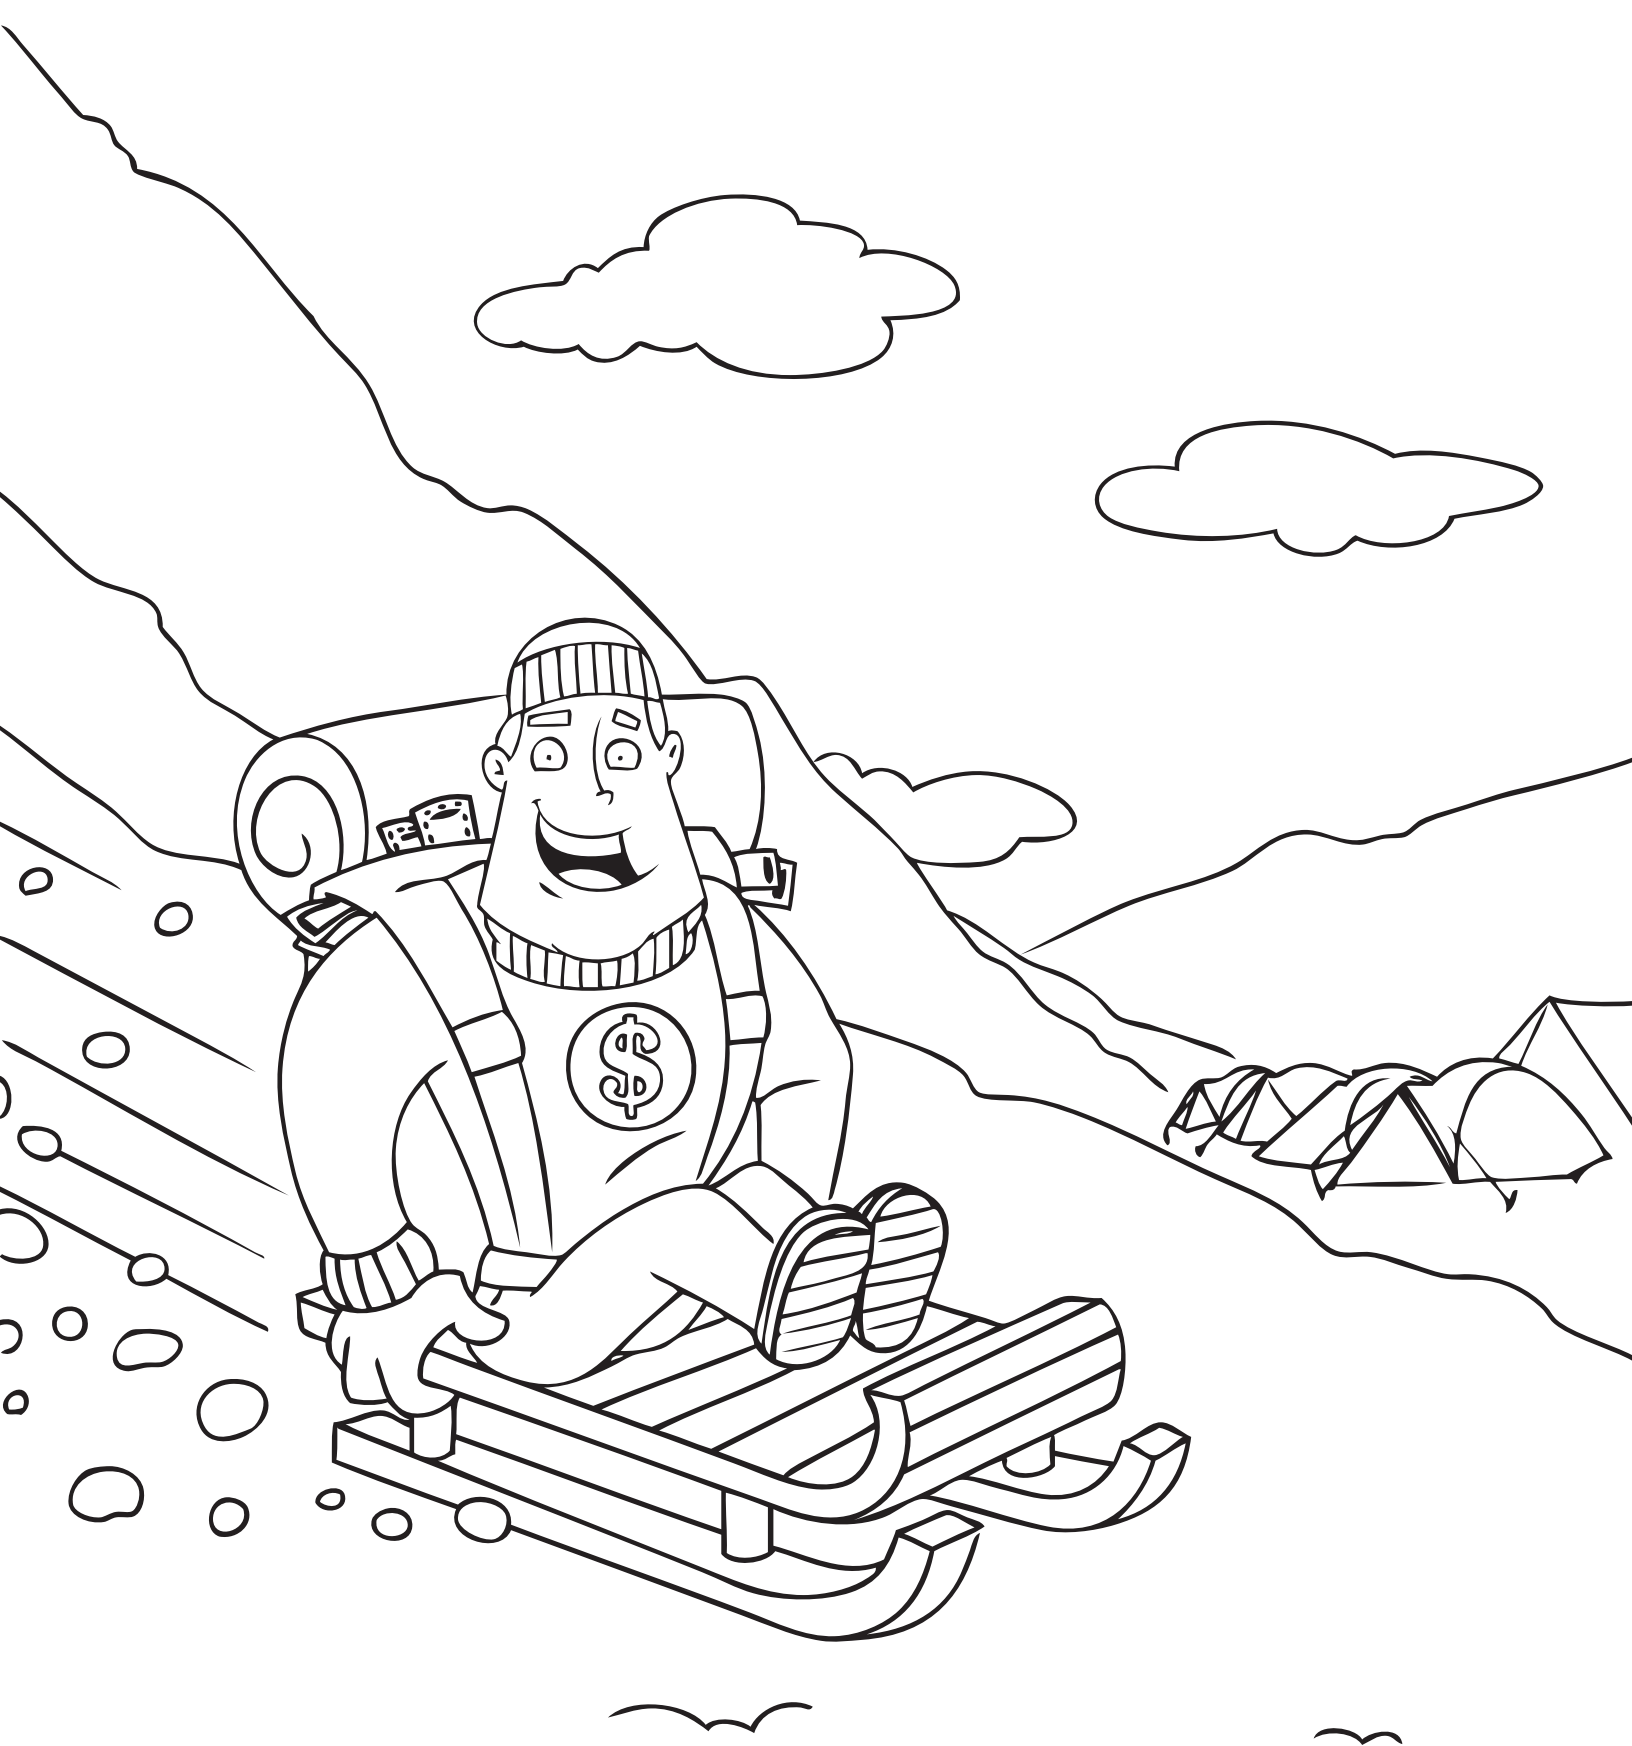

We made it to the top of Mt. Everest!
It is the highest point on earth. You can see all the
mountain peaks and the clouds below.

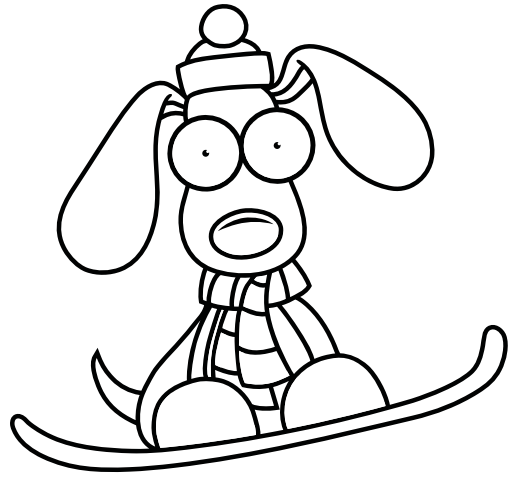

I found a coupon! How many coupons can you find at the top of the mountain?

Now that we have found all the coupons,
we have to make our way down the mountain
so that we can go home.

Let's use this sled to go down the mountain.
Hang on tight! We will make it home in time for dinner.
